

Best Futures Spring 2 Newsletter February 2023

Welcome to Best Futures Newsletter!

We have another busy term ahead. As part of the DT (Design Technology) curriculum the children will have the opportunity to access a five-week programme with Trace Clay at The Chocolate Story in Laceby. Trace Clay has designed a bespoke package for our children which will also incorporate the themes of this term's projects/topics. They will have the opportunity to design, make and evaluate, providing life skills experience in a commercial setting. They will also be able to try a variety of fruits and flavours.

On Monday 20th March we are fortunate to be welcoming Exotics of the World who will be bringing in some unusual visitors including a bearded dragon, scorpion, giant land snails and snakes. The children will be researching facts and preparing questions for fact files. Please see the link below for sharing at home.

Date for your Diary

**Friday 31st March- Easter
parent/carer engagement day and
concert**

World Book Day

Friday 3rd March

We are celebrating World Book Day on **Friday 3rd March** where children can dress up as a character from a book and bring in a favourite book if they would like to. We will be focussing on stories from around the world, please see link below to access some of these stories at home.

Coming soon: Bikeability with Lincs Inspire after Easter.

On a Thursday afternoon, at Grimsby Leisure Centre, the children will have the opportunity to access either the Learn to Ride programme or Bikeability. Both programmes are run at the same time and are flexible to need. All bikes, including disability ones and helmets are provided.
