Equalities Policy

This policy relates to the following legislation:

- The Education (School Performance Information) (England) Regulations 2001
- Equality Act 2010

Best Futures School understands that the Equality Act 2010 combines and builds upon the existing legislation covering discrimination and promotion of equality of opportunity.

We recognise that this Act brings together into one Act those areas now known as 'protected characteristics' that qualify for protection from discrimination such as age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation.

We believe that everyone has the right to be treated with dignity and respect. We are opposed to any direct or indirect discrimination against individuals or groups whatever their age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, or sexual orientation.

We all have a responsibility to ensure equality permeates into all aspects of School life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation. We want everyone connected with Best Futures School to feel safe, secure, valued and of equal worth.

We have high expectations of all pupils, and we aim to provide them with every opportunity to succeed by providing the highest standards of teaching and learning.

We are opposed to any member of Best Futures School personnel or others connected with the school, being victimized, harassed, or bullied by another based on assumptions about their status in the aforementioned categories or on any other grounds. Also, we will not discriminate against anyone because of their political affiliation.

To achieve the aims of this policy we will take measures of positive action to encourage or facilitate the employment or training of minority or disadvantaged groups as we recognise that the avoidance of discrimination is not sufficient in ensuring that equality exists in Best Futures School.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as Best Futures School community have a commitment to promote equality.

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people based on their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this Best Futures School.

We recognise that there could be a potential impact that prejudice, discrimination, and stigma can have on our pupil's mental health and wellbeing. We approach this in our positive and inclusive environment, offering non-discriminatory SEMH (Social, Emotional Mental Health) support to suit the child's needs.

To tackle, reduce and prevent the potential impact on pupils' mental health and wellbeing we have a variety of proactive work which includes (but not limited to) our objectives below.
